

REINSTATEMENT REQUEST FORM

Your Application for Reinstatement of Registration (P.Ag., Tech.Ag. or AIT) is subject for review by the Admission and Registration Committee (ARC) of the Provincial Council.

If you have been previously registered with MIA or another Provincial Agrologists Institute and are seeking to have your registration reinstated, and if you are not subject to disciplinary procedures, you will not be required to re-submit academic qualifications or other information related to your competency unless you intend to change your scope of practice. (Reference: MIA Code of Practice. For example, if your competency is in the area of animal science and you wish to practice as a soil science specialist, your training is expected to be commensurate with that practice area).

Process

The ARC may, depending on the length of time a registration has lapsed, require you to provide additional information, and meet other professional requirements within a specified period of time. Other requirements may include completion of the MIA Professionalism and Ethics workshop, and meeting the requirements of the Continuous Professional Development program.

The reinstatement process will include an administrative fee and/or penalty if your registration occurred for non-payment of fees.

To proceed with the Reinstatement Process, please complete the following:
